**Listing of Claims:**

Claims 1-25 (canceled).

Claim 26 (currently amended): A fence assembly for use with a table saw having a base, a table supported by the base, the table having a workpiece supporting surface, a blade extendable through the table and above the workpiece supporting surface, and a rail connected to at least one of the base and table for supporting the fence assembly, comprising:

a fence beam; and

a fence head connected to the fence beam and disposable on the rail, the fence head comprising:

a main body;

a rod having two ends and rotatably connected to the main body;

a first cam disposed at one end of the rod;

a second cam disposed at the other end of the rod;

a handle connected to the rod, where movement of the handle causes rotation of the cams;

a first movable plate contacting the first cam, the first movable plate being movable between a first position contacting the fence beam and a second position not contacting the fence beam; and

a second movable plate contacting the second cam, the second movable plate being movable between a first position contacting the fence beam and a second position not contacting the fence beam;

wherein the first and second movable plates are separate;

the fence head being coplanar with or below the workpiece supporting surface when disposed on the rail.

Claim 27 (canceled).

Claim 28 (original): The fence assembly of Claim 26, wherein the rod has a square cross-section.

Claims 29-46 (canceled).

Claim 47 (currently amended): The fence assembly of Claim 26, the fence assembly ~~being disposable on a rail, and~~ further comprising a window assembly disposed on the fence head for showing position of the fence assembly relative to the rail, the window assembly comprising a main body having a transparent portion, and a line disposed on the main body being separate and parallel to centerline of the transparent portion.

Claim 48 (original): The fence assembly of Claim 47, wherein the window assembly is movable relative to the fence head.

Claim 49 (original): The fence assembly of Claim 47, wherein the window assembly is substantially symmetrical.

Claim 50 (currently amended): The fence assembly of Claim 47, wherein the window assembly is substantially symmetrical about an axis substantially ~~substantially~~ perpendicular to the line.
